Brandon, Mya and Kristinn:

Attached please find the remarks of Helen Lowman of Keep America Beautiful.

I'm sharing this today in the event something changes with your lineup for tomorrow – and we need to make any adjustments.

Best of luck with today's Innovation Fair and tomorrow's Summit.

Larry

OLEM Assistant Administrator Peter Wright will be handling transitions between speakers. There may be one or two Congressional speakers giving brief remarks in the same section of the agenda as Pete Lopez/OMG/Helen, however they are as yet unconfirmed so for the moment she will be coming right after OMG (with an introduction from Peter).

Perfect ... thank you.

And ... is Helen going to the dais right after Carter & Olivia? Will she introduce herself? Just want to make sure she recognizes and thanks the appropriate person – whether it be Administrator Wheeler or someone else?

Hey Brandon,

Can you help Larry out by providing him a list of the workgroup leaders – organizations not individuals

Thanks

Good morning Larry,

I have not yet seen Pete Lopez's remarks. If we do receive an advance copy, I'll let you know.

I apologize if the agenda is unclear; Helen's remarks will be preceded by brief remarks from Carter and Olivia Ries, the founders of the organization One More Generation (as well as Pete Lopez's remarks).

Mya:

Have you been provided written remarks from Mr. Lopez, at this point in time?

I noticed you have entitled Helen's remarks as "One More Generation." Did you have something specific in mind? We were framing her remarks around the theme of the value of partnership, considering the remarkable gathering of business, association and nonprofit leaders at EPA tomorrow.

Are we safe in presuming Mr. Lopez is speaking before Helen, as outlined on the agenda?

Kristinn and Mya:

Sorry to ask you for this, but Randy Hartmann is traveling and I'm wondering if you can forward to me the EPA America Recycles Day Summit agenda?

With Keep America Beautiful President and CEO Helen Lowman on the agenda, I just want to get the run of show properly inserted into her remarks.

If you have any additional information you can share, that'd be helpful.

Thank you!
